| | Buttonhole — 109 Dk. Willow Green | | Chain — 5-A Chartreuse |
| | Buttonhole — 5-A Chartreuse | | Satin — 1 White |
| | Long and Short — 5-A Chartreuse | | Satin — 5-A Chartreuse |
| | Long and Short — 109 Dk. Willow Green | | |
| | Stem — 5-A Chartreuse | | |
| | Chain — 109 Dk. Willow Green | | |

INSTRUCTIONS:

With edges together, fold tablecloth across the center both ways and from corner to corner diagonally, creasing slightly. The folds act as a guide for placement of the design motifs. Mark a circle, approximately 7" in diameter, at the center of the tablecloth.

Tip: to help determine placement of motifs, print copies for the number of motifs you intend to embroider. Pin designs in place with stems toward center and touching the circle. Once placement is determined, use transfer method of choice to apply design to fabric surface.

EMBROIDERY:

Use 2 or 3 strands of embroidery floss throughout and follow Stitch Diagram and Color Key to stitch design. An embroidery hoop is recommended for best results.
